# FRESH BUSINESS EXPO

# SHOW PROFILE:

# STATISTICS 2018:

Fresh Business Expo is the largest Ukrainian fresh produce industry event, which is visited every year by leading growers, farmers, traders, supermarket chains, importers and processors.

The exhibition focuses on fresh produce production, processing, storage & handling technologies and produce and supply.

Fresh Business Expo is being organised since 2011 and is supported by several (semi) governmental and industry bodies. This strong support underlines the success and necessity of this dedicated trade event.

The annual conference "Fruits & Vegetables of Ukraine" of Fruit Inform is organised within the framework of the exhibition.

In 2018 the conference and exhibition attracted 3.286 high quality visitors from all over Ukraine and CIS countries. The Ukrainian fresh produce industry is developing fast and the Free Trade Agreement between Ukraine and the EU is contributing to this fast development of the fruit & vegetable sector in Ukraine. Many growers have found new export markets within the EU and Ukrainian growers are implementing new technologies in order to meet new standards.

Ukraine's output levels make it the fifth largest fruit, vegetable, and berry-producing nation in Europe.

## VIII INTERNATIONAL EXHIBITION FOR THE FRESH PRODUCE INDUSTRY IN UKRAINE AND CIS COUNTRIES.

**Organisers:** Nova Exhibitions BV (The Netherlands), CoD Exhibitions Ltd. (Ukraine), Fruit Inform (Ukraine).
